iRetail Solutions

Intelligent Retail Solution

AVer's retail surveillance solution is perfectly suited to all kinds of stores, and includes **IP cameras, NVRs and hybrid NVRs** as well as the **CM5000 central management software** for remote management. These products boast a range of **IVA features** suitable for a variety of environments, as well as **Point of Sale** integration. **Mobile apps** are also available to allow store owners to keep track of their store from anywhere, at any time.

Store Security

NVRs & Hybrid NVRs

Management Software

Customer Management

IP Cameras

Large Retail Environments

Speed Domes

Can automatically scan a preset list of locations.

P Series NVRs

Can store a wealth of data and support up to 36 cameras, making it perfect for malls and other large environments.

Rugged Series

Ideal for malls, parking lots and other exposed areas.

Vandal Domes

Well-suited to garages and other areas with a high risk of vandalism.

Medium Retail Environments

Fisheye

Provides 360° views of wide areas with just a single lens.

E5000 Series NVRs

Can support up to 16 channels and up to 5 megapixels per channel, and offers features like RAID storage and POS integration.

Mini Domes

Inconspicuous and suitable for tight spaces, such as near ATMs.

Bullets

Loaded with features like ICR, 2D+3D DNR and WDR.

AVer

Small retail environments

Cubes

Features IR illuminators and motion detection, and is easy to hide from view.
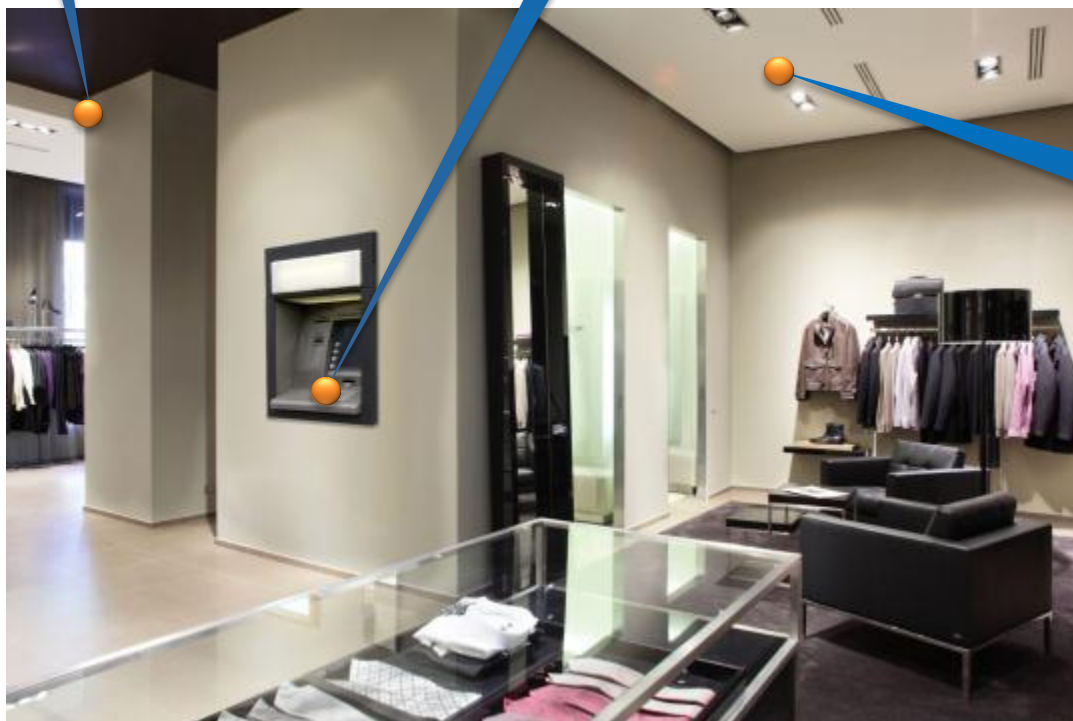

Board Cameras

Can be installed in ATMs or screens and is difficult to tamper with.

P1000 Series NVRs

Compact and perfect for small stores while still offering excellent reliability.

Mini Bullets

Excellent for covering static areas and providing evidence in case of disputes.

VMS integration

A range of **Video Management Software** providers offer ONVIF integration with a wide selection of AVer IP cameras, ensuring maximum flexibility and convenience.

Corporate Social Responsibility

Our values

Being Down to Earth

We stand on solid ground to ensure every aspect of all that we do is done well.
We endeavor to perfect our core business to become a respectable global leader.

Creating Value

We believe in being innovative and applying our corporate values in what we do.
We believe in sustainable advantages to ensure long- & short-term development.

Devoting Ourselves

We are passionate about creating an ideal workplace for realizing one's potential.
We unite to achieve great things through unselfishness and serving other people.

Serving the Community

We are committed to giving back to society and sharing profits with stakeholders.
We respect life and endeavor to raise people's standard of living within our power.

Corporate Governance
